

TEXTILE SPECIALTIES POSITIVE LIST

Global Organic Textile Standard (GOTS)
Version 5.0

Status March 2019

Archroma is strongly committed to the highest standards of product safety and, through intensive analytical monitoring of chemical products actively supporting the objective of removing hazardous chemicals from the textile and clothing supply chain.

This brochure was produced with the aim of giving easy access to Archroma range of products that were assessed by external certifiers ¹⁾ for GOTS compliance.

Products listed in this document were assessed by an external entity for GOTS 5.0 compliance and were approved for application in the processing of GOTS certified textile products.

Any additional comment or restriction binding for each product must be checked directly in the Letter of approval that can be shared with our customer on request.

For further details or information please contact your local Archroma sales representative.

For any unlisted Archroma product, please check with your local Archroma sales representative to confirm compliance.

- 1) Currently Archroma is working with following external certifiers :
- ECOCERT Greenlife S.A.S.
 - CU Inspections & Certifications India Private Limited
 - ICEA – Institute for Ethical and Environmental certification
- for GOTS product approval.

Note:

** Any user of our products is responsible for determining the suitability of Archroma's products for its particular application

Disclaimer:

This information corresponds to the present state of our knowledge and is intended as a general description of our products and their possible applications. Archroma makes no warranties, express or implied, as to the information's accuracy, adequacy, sufficiency or freedom from defect and assumes no liability in connection with any use of this information. Any user of this product is responsible for determining the suitability of Archroma's products for its particular application. 'Nothing included in this information waives any of Archroma's General Terms and Conditions of Sale, which control any purchase unless it agrees otherwise in writing. Any existing intellectual/industrial property rights must be observed. Due to possible changes in our products and applicable national and international regulations and laws, the status of our products could change. Material Safety Data Sheets providing safety precautions, that should be observed when handling or storing Archroma products, are available upon request and are provided in compliance with applicable law. You should obtain and review the applicable Material Safety Data Sheet information before handling any of these products. For additional information, please contact Archroma.

*For sales to customers located within the United States and Canada the following applies in addition:

NO EXPRESS OR IMPLIED WARRANTY IS MADE OF THE MERCHANTABILITY, SUITABILITY, FITNESS FOR A PARTICULAR PURPOSE OR OTHERWISE OF ANY PRODUCT OR SERVICE
